

Terms and conditions

Who we are?

Floating Island Art is an art website designed to provide showcase opportunities for young artists. We build surrealist 3D buildings to hold virtual exhibitions, and the winners will be given the opportunity to hold a physical exhibition in Milan, Italy (at the expense of Floating Island Art), as well as the opportunity to publish.

Floating island exists as an independent space on the sea, constructing a heterotopia. We make use of the uniqueness of virtual exhibition to form a virtual world against gravity. We will design different space for each exhibition, and adjust the details of the exhibition space according to the artist's style.

Why Participate?

• First Prize

Physical and virtual exhibitions will be held in Milan, Italy. Each artist will have an artist column on the official website of Floating Island Art and display the entries. (number of people: 3)

• Second Prize

Virtual exhibition + album of artist's works (number of people: 10)

• Third prize

Virtual exhibition

selected artists will be notified via email.
